**Village Hall Pathway - Definitive Map Modification Order (DMMO)**

Many of you will have seen the recent request on Facebook or the village website asking for people to confirm their use of the footpath alongside the village hall between Harwood Road and Main Road.

Routes that are recorded on the definitive map are offered considerable protection from being built on or arbitrarily closed. While this is unlikely to happen, the footpath offers an important and safe way to access the school and village hall so safeguarding its future makes a lot of sense.

If you would like to volunteer to complete a witness statement confirming your use of the pathway please contact the clerk confirming how long you have been using it – the application requires a good amount of evidence covering 20+ years so your involvement is much appreciated.

**Dog Waste**

It is evident following ongoing observations that some of the dog waste bins are not of a large enough capacity based on usage. Following the change of contractor from the district council to Scoop Dotty Dog earlier this year, it is now possible to change or add dog waste bins in the parish.

In the meantime, posters have been placed on all the dog waste bins to encourage dog owners to take their bag to the next available bin if it is full. General waste bins can also accept bagged dog waste and should be used accordingly.

The frequency of dog waste being left in prominent locations on well-trodden village footpaths, in particular around the school is a concern. There is a general waste bin at the zebra crossing so there is no excuse not to bag it and bin it!

**COMMUNITY  
PROJECTS**

**Community Project Strategy – Have your Say! Document Links**

Community Project Strategy:
